

2002

Heavy Duty Matting

For the harshest environments

- **Extra aggressive slip resistant surface; DIN 51130 R11**
- **Very hardwearing and long lasting.**
- **Flexible grid construction that reduces fatigue.**
- **Loose laid and easily cleaned or relocated.**
- **Resistant to acids, oils and most chemicals.**
- **Suitable as an outdoor scraper doormat.**

Flexigrid 2002 is a hardwearing matting for heavy industrial areas where a production process can generate dirt, grime and spillages of liquids and metal chips.

An extra aggressive slip resistant tread pattern ensures safety underfoot whilst being comfortable to stand on. Able to cope with the heaviest of spillages or harshest of applications.

Environmentally Friendly

Manufactured from recycled factory waste that is in turn 100% recyclable at the end of Flexigrid's use.

Flexigrid 2002 is also available in modules. Optional aluminium ramped edging for roll or modular formats.
