

MANUFACTURED IN ROLLS UP TO 12m FOR ONE PIECE LARGE AREA COVERAGE

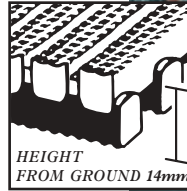

## Entrance Flooring Systems

For heavy traffic entrances

### Frontrunner

Open grid yet heelproof

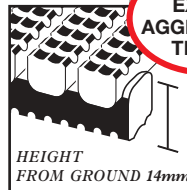

Manufactured from hardwearing flexible PVC in one piece open grid format. Frontrunner's 'diamond tread' surface literally scrapes away undershoe dirt while letting debris fall through its close grid bars.

### Frontrunner XT

With extra slip resistance

All the features of Frontrunner with an extra aggressive slip resistant pattern for outdoor applications, when underfoot traction is crucial. Tested to DIN 51130 - R11 V10.

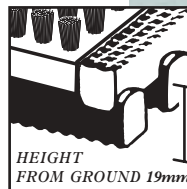

NEW EXTRA AGGRESSIVE TREAD

### Frontrunner Brush

With high density brushes

A vigorous 'brush scraper' ideal in applications where snow, slush or mud are commonplace. Parallel lines of aggressive nylon brushes remove the heaviest of soiling.

### Frontrunner Plus

With specially formulated absorbent inserts

The combination of a 'Diamond Tread' open grid with absorbent inserts, provides clean & dry in one movement.

The Frontrunner entrance flooring system can be used in many creative and eye-catching ways. Logos can be incorporated to further enhance entrances and boost brand awareness.
