

All purpose Cushion Matting

- *Tubular construction that resists impacts and protects.*
- *Simple to cut, shape and fit.*
- *Resistant to oils, grease and chemicals.*
- *Smooth surface that is easy to clean.*
- *Non porous hardwearing vinyl.*
- *Open grid design facilitates drainage.*

Pillomat is used on working surfaces such as work benches, shelves or as compartment lining. The hollow section matting is air filled to provide a lightweight and hygienic cushioning surface. It acts as a clean and noise free covering which will resist contamination, allow circulation whilst absorbing impacts to reduce damage.

Smooth surface open grid cushion matting

The smooth upper surface provides excellent cushioning and drainage. Used extensively for animal cages and other environments where hygiene, comfort and ease of cleaning are important.
