Plastic
Extruders Ltd.

plastex

Our Mission *A Mat for All Reasons*

Our mission is to add to our distributors, and in turn their customers, profitability, safety, productivity and style by designing and manufacturing cutting edge matting for all work, education and leisure environments.

Our Values

Founded in 1962, Plastic Extruders Ltd (Plastex) are a second generation family run firm with long serving employees who take personal responsibility for maintaining the highest service standards and delivering the right solution on time and on budget.

Working with you to meet your needs

- Through our design and innovation programme we work with our customers to constantly improve the form, function and cost effectiveness of our products.

So, though we have an extensive range suitable for most applications, we often fulfill individual customer needs by producing bespoke solutions. If you feel you may have one we would be pleased to hear from you. ☺

PETER O'SULLIVAN
Sales Director

DAVID O'SULLIVAN
Managing Director

Plastic Extruders Ltd UK & Plastex Matting Inc USA

Follow **Plastex Matting** on:

Plastex *and the environment*

As a global supplier with manufacturing plants in the UK and the USA, we constantly seek to reduce the environmental impact of our manufacturing processes. For example, all our black matting is made with up to 100% post-industrial recycled material, but always with a minimum content of 30%.

To further minimise impact and avoid waste, we don't throw away any materials. All our factory trimmings and production process scrap are re-used in our own production. We do not re-sell any material to 3rd party reproducers.

In compliance with REACH regulation

The 2007 European Community REACH regulation (Registration, Evaluation, Authorisation and Restriction of Chemicals) gives manufacturers the responsibility of providing high level human and environmental protection from the use of chemicals in manufacturing.

Plastex does not use any substances currently included on the SVHC (Substances of Very High Concern) list under REACH, including "DEHP" Di(2-ethylhexyl) phthalate, also known as Di-octyl phthalate (DOP), plasticiser.

Further information can be found at
www.plastexmatting.com.

Matting & flooring
manufactured in Europe
and the USA.

- Distributed worldwide

Ensure you have been supplied with a genuine Plastex product

To avoid plagiarism, today we emboss the trademarked names on the underside of our grid matting.

Testing and Measurement

In our constant pursuit of excellence, we subject our products to the rigors of scientific testing. This includes external testing through international bodies, but we don't stop there. If an external test doesn't exist, we will commission a University research project. Plastex continually strives to ensure we maintain the highest standards expected by our customers worldwide.

Plastex

Three levels of service

Once we've established your exact need, we'll recommend the product that is right for you, from our three levels of service.

General Purpose

We have an extensive range of general purpose matting designed for various environments. So whether you're looking for comfort, slip resistance, soil removal or increased hygiene, we will have the product for you.

Specialist

We have also built up a full range of products for demanding specialist environments such as light and heavy industrial, as well as food preparation both big and small.

Bespoke

If we can't exactly meet your needs from our current range, we will design and manufacture a mat specifically for you.

Whatever your requirements we will put all our knowledge and care into delivering exactly the mat you need, on time and on budget - 'A mat for all reasons'.

Why Slip Resistant Matting?

Statistics issued by the UK's HSE (Health & Safety Executive) show slipping and tripping to be the single most common cause of injuries in the UK workplace. These statistics are consistent in most markets globally confirming slips, trips and falls being the major workplace hazard.

Our slip resistant matting products are specifically designed to:

- **Improve safety underfoot**
- **Reduce slip, trip and fall accidents**
- **Remove spillages and debris from the working area**
- **Thermal and acoustical enhancement**

Plastex slip resistant matting range features a combination of PVC construction, etched surfaces for improved slip resistance, animal fat and oil resistant properties, 100% recycled PVC products and many more...

Which Plastex product is right for you?

The chart below will help you choose the right mat for the right reasons, but if you have any questions contact us - we'll be delighted to help.

PRODUCT	SLIP RESISTANCE	WEAR	COMFORT	DRAINAGE/ SPILLAGE	SITUATION	USAGE
GENERAL PURPOSE						
Vynagrip Vynagrip Plus Vynagrip Modules p. 4-6						Hard wearing, heavy usage, long term.
Heronair p. 7						Cushions against breakages, good general purpose.
Floorline p. 8						Ideal for light usage and cushioning.
Plastex Chex p. 12						For coverage of large areas.
Plastex Lok p. 13						For coverage of large areas with likelihood of spillage.
Trackgrip p. 14						Hard wearing, large debris, long term.
WORKSHOP / TOOL ROOM						
Flexigrid p. 10						Larger components, debris, swarf and heavy spillage.
Firmagrip p. 11						Close spaced grid, smaller components and wheeled traffic.
FOOD PROCESSING / KITCHENS						
Herongripa p. 9						Large format grid for intensive food processing.

The ultimate slip resistant matting solution

Automatic drainage combined with an extra aggressive diamond tread surface for increased slip resistance make Vynagrip especially effective wherever oil, water, liquid and debris spillages are likely.

Increase safety, comfort and productivity in the workplace with Vynagrip. Vynagrip offers a slip resistant, anti-fatigue matting solution which can be relied upon to perform in wide ranging heavy duty commercial and industrial applications.

Vynagrip is made from 2 layers of non-porous, flexible PVC that are welded together to create extra strong joints. It is available in rolls or modules with accessories to suit all needs (see page 15).

BENEFITS

Certified slip resistance	DIN 51130: R11 - ASTM 1677: I.0/0.9
Excellent drainage	DIN 51130: V10
Chemical, oil and acid resistant	
Environmentally-friendly	
Easy to cut on site, contours to uneven surfaces	
Quick to install	
Boost productivity	
Fire resistant	

FEATURES

Diamond cut pattern
Two layer construction
Non-porous PVC (impermeable to fluids)
Black Vynagrip: 100% recycled material
Made from flexible PVC
Supplied in 10m rolls or ramped modules
Proven and tested anti-fatigue properties
Certified EN 13501: Cfl - S1

STANDARD COLOURS

RED*

BLUE

BLACK

* Red colour is not colourfast in direct sunlight.

BLACK VYNAGRIP

An environmentally-friendly product made from 100% recycled material, giving a 10% lower purchase price.

Other Vynagrip colours available on request.

STANDARD SIZES

PRODUCT	FACTORY	HEIGHT	STANDARD ROLL OPTIONS**		
Vynagrip	UK	15mm (5/8")	5 x 0.6m (16'6" x 2')	5 x 0.91m (16'6" x 3')	5 x 1.22m (16'6" x 4')
Vynagrip	UK/USA	15mm (5/8")	10 x 0.6m (33' x 2')	10 x 0.91m (33' x 3')	10 x 1.22m (33' x 4')

VYNAGRIP PLUS

A slip resistant matting with yellow bands

A hard wearing PVC grid matting to mark routes and delineate areas.

With the same specifications as Vynagrip, a slip resistant, anti-fatigue matting solution which can be relied upon to perform in wide ranging heavy duty commercial and industrial applications, Vynagrip Plus matting has yellow bands for extra safety and demarcation.

The matting is made from 2 layers of non-porous, flexible PVC that are welded together to create extra strong joints. It is available in rolls with accessories to suit all needs.

BENEFITS

Certified slip resistance	DIN 51130: R11 - ASTM 1677: 1.0/0.9
Excellent drainage	DIN 51130: V10
Marks routes and delineates areas	
Chemical, oil and acid resistant	
Easy to cut on site, contours to uneven surfaces	
Quick to install	
Boost productivity	
Fire resistant	

FEATURES

Diamond cut pattern
Two layer construction
Yellow bands running length of mat
Non-porous PVC (impermeable to fluids)
Made from flexible PVC
Supplied in 10m rolls
Proven and tested anti-fatigue properties
Certified EN 13501: Cfl - S1

VYNAGRIP MODULES

Reducing slips and standing fatigue at work

Hard wearing PVC grid matting modules providing comfort and slip resistance.

Vynagrip matting is also available in standard size modules with fitted edging on 3 sides to identify work areas, prevent hazards and fit snugly against work stations.

Vynagrip is made from 2 layers of non-porous, flexible PVC that are welded together to create extra strong joints. Its diamond tread surface and proven anti-fatigue properties make it one of the most suited mats for reducing standing fatigue, whilst improving comfort in work environments.

BENEFITS

Certified slip resistance **DIN 51130: R11 - ASTM 1677: I.0/0.9**

Excellent drainage **DIN 51130: V10**

Chemical, oil and acid resistant

Contours to uneven surfaces

* Supplied with factory fitted edging on 3 sides.

A hardwearing and versatile work horse

Heronair is an economical, tubular constructed matting for general purpose applications that provides excellent slip resistance and insulation.

Heronair's hollow construction uses less material, so it is also light to move and easy to lift for cleaning purposes.

It is especially effective wherever there is a risk of water and spillages underfoot as it is also highly slip resistant (RII under DIN 51130 testing).

BENEFITS

Certified slip resistance **DIN 51130: RII - ASTM 1677: 0.6/0.6**

Excellent drainage **DIN 51130: V10**

Fatigue-reducing and insulating

Chemical, oil and acid resistant

Easy to cut on site, contours to uneven surfaces

Heronair	USA	10mm (3/8")	10 x 0.6m (33' x 2')	10 x 0.91m (33' x 3')	10 x 1.22m (33' x 4')

*Contact us for bespoke dimensions.

FLOORLINE

Light, economical and comfortable

Economical and multi-purpose, Floorline matting has wide ranging uses in light industrial and commercial applications where an attractive, slip resistant and cushioned matting is required.

The cushioning effect of Floorline reduces the risk of damage to items that are accidentally dropped whilst its open grid format dissipates spillages and permits easy drainage.

This effective combination makes Floorline a popular matting for clubs, restaurants, bars and hospitality areas where staff have to stand, spills are likely and breakages possible.

BENEFITS

Certified slip resistance	DIN 51130: R11 & C ASTM 1677: 1.0/0.8
Excellent drainage	DIN 51130: V10
Easy to clean	
Easy to cut on site, contours to uneven surfaces	
Quick to install	
UV resistant	
Fire resistant	
Enhanced branding or styling	

FEATURES

Etched pattern
Open grid construction
Non-porous PVC (impermeable to fluids)
Made from flexible PVC

HERONGRIPA

Vinyl matting resistant to animal fat and oils

Developed primarily for the food processing and preparation industries, Herongripa is a specialised vinyl matting solution, which is hygienic and animal fat resistant.

The wide spaced open grid format allows waste and spillages to fall through, keeping the standing area free of slippery and potentially hazardous matter. The one piece hardwearing vinyl roll format allows for ease of rolling up during cleaning routines.

BENEFITS

Certified slip resistance **DIN 51130: R11** **ASTM 1677: 0.8/0.7**
 Excellent drainage **DIN 51130: V10**
 Tough vinyl for food processing areas
 Chemical, oil and acid resistant
 One piece covering
 Continuous hygiene
 Efficiently removes spillages

FEATURES

Diamond cut pattern
 Two layer construction
 Animal fat resistant DINP plasticised PVC
 Non-porous PVC (impermeable to fluids)
 Supplied in 10m rolls
 Anti-fungal and anti-bacterial additives
 Large open grid format

STANDARD COLOUR

Tough at work, gentle on the environment

For the toughest industrial applications where high levels of liquids and debris are generated by manufacturing and production processes.

Combining higher elevation with an open grid and an aggressive grip surface, Flexigrid delivers slip resistance and drainage where spillage, debris and metal shards are an issue.

BENEFITS

Certified slip resistance **DIN 51130: R11 - ASTM 1677: 0.6/0.5**
 Excellent drainage **DIN 51130: V10**
 Chemical, oil and acid resistant
 Easy to cut on site, contours to uneven surfaces

Close mesh matting for small wheeled traffic

For busy industrial areas where trolleys and small-wheeled vehicles are in use and liquids may be liable to be spilled.

Firmagrip is a quality close mesh matting that is dense enough to prevent smaller components falling through, yet is so effective at drainage it carries the highest certification. Add to that excellent slip resistance and you've got a real winner.

BENEFITS

- Certified slip resistance **DIN 51130: R11**
- Excellent drainage **DIN 51130: V10**
- Ideal for small wheeled traffic
- Chemical, oil and acid resistant
- Easy to cut on site, contours to uneven surfaces
- Quick to install
- Fire resistant
- Enhanced branding or styling

FEATURES

- Diamond cut pattern
- Two layer construction
- Close mesh construction
- Non-porous PVC (impermeable to fluids)
- Made from flexible PVC
- Supplied in 10m rolls
- Certified **EN 13501: Cfl - S1**

PLASTEX CHEX

100% recycled heavy duty checker plate PVC tiles

Plastex Chex is a hard wearing tiling system, delivering long life and value for money.

It can be used as a temporary or permanent flooring solution for coverage of large areas in the workplace, such as work stations, finishing/assembly areas, laboratories, localised workcells and storage areas.

BENEFITS

- Slip resistant and hard wearing
- Insulating and chemical, oil and acid resistant
- Quick to install
- Environmentally-friendly
- REACH compliant
- Finished areas

FEATURES

- Checker plate surface
- Non-porous PVC (impermeable to fluids)
- Interlocking jigsaw tiles
- Made from 100% recycled material
- Made with certified recycled material
- PVC ramped edging

STANDARD COLOUR

BLACK

STANDARD SIZES

100% recycled heavy duty open grid PVC tiles

Plastex Lok is a hard wearing open grid tiling system, delivering long life and value for money.

It can be used as a temporary or permanent flooring solution for coverage of large areas in the workplace with the likelihood of heavy spillage, such as work stations, finishing/assembly areas, laboratories, localised work cells and machine shops.

BENEFITS

- Certified slip resistance **DIN 51130: R12**
- Excellent drainage **DIN 51130: V10**
- Chemical, oil and acid resistant
- Quick to install
- Environmentally-friendly
- Easy to cut on site, contours to uneven surfaces
- Finished areas

FEATURES

- Pimpled surface
- Raised construction
- Non-porous PVC (impermeable to fluids)
- Interlocking tiles
- Made from 100% recycled material
- Made from flexible PVC
- PVC ramped edging

TRACKGRIP

Wide space open grid slip resistant matting

For greasy and grimy environments.

This highly slip resistant matting is very effective wherever oils or greasy materials are spilled. A wide grid design allows for better drainage and fall through, keeping the surface free from potentially dangerous slip hazards. Trackgrip was developed for railway maintenance areas but is highly effective in most greasy and grimy environments.

BENEFITS

Certified slip resistance **DIN 51130: R11** **ASTM 1677: 0.9/0.7**
 Excellent drainage
 Chemical, oil and acid resistant
 Easy to clean with a high pressure hose
 Quick to install
 Fire resistant

FEATURES

Diamond cut pattern
 Two layer construction and extra wide spacing
 Non-porous PVC (impermeable to fluids)
 Made from flexible PVC
 Supplied in 10m rolls
 Certified **EN 13501: Cfl - S1**

Ancillaries for Workplace slip resistant products

Firmagrip

14mm x 60mm x 10.1m
(9/16" x 2 1/2" x 33')

60mm PVC edging strip

Supplied in rolls of 10.1m (33') length with cold welding paste.

Colours: Black, Dark Grey, Dark Brown, Holly Green, Oxford Blue, Yellow

14mm x 100mm x 10.1m
(9/16" x 3 3/4" x 33')

100mm PVC edging strip

Supplied in rolls of 10.1m (33') length with cold welding paste.

Colours: Black, Dark Grey, Yellow

15mm x 45mm x 2m
(5/8" x 1 13/16" x 6'6")

45mm Aluminium edging strip

Supplied in sections of 2m (6'6") length with fixing screws and plugs.

Colours: Anodised Aluminium, Powder Coated Yellow

Connector clips - side to side

For joining sections of matting together side to side. Supplied in packs of 10.

14mm x 2.5m
(9/16" x 8'2")

Snap Track

2 part snap track can be welded to join rolls end to end or side to side for large area covering. Supplied with cold welding paste.

Colour: Dark Grey

Herongripa & Trackgrip

14mm x 60mm x 10.1m
(9/16" x 2 1/2" x 33')

Colours: Black, Dark Grey, Dark Brown, Holly Green, Oxford Blue, Yellow

14mm x 100mm x 10.1m
(9/16" x 3 3/4" x 33')

100mm PVC edging strip

Supplied in rolls of 10.1m (33') length with cold welding paste.

Colours: Black, Dark Grey, Yellow

15mm x 45mm x 2m
(5/8" x 1 13/16" x 6'6")

45mm Aluminium edging strip

Supplied in sections of 2m (6'6") length with fixing screws and plugs.

Colours: Anodised Aluminium, Powder Coated Yellow

Connector clips - dual purpose

For joining sections of matting together side to side or end to end. Supplied in packs of 10.

Small floor hook

For securing sections of matting to floor. Supplied in packs of 10 with screws and plugs.

Heronair

10mm x 50mm x 10.1m
(3/8" x 2" x 33')

50mm PVC edging strip

Supplied in rolls of 10.1m (33') length with cold welding paste.

Colours: Black, Dark Grey,

Connector clips - dual purpose

For joining sections of matting together side to side or end to end. Supplied in packs of 10.

10.5mm x 1.8m
(1/32" x 5'11")

Snap Track - Low Profile

2 part snap track can be welded to join rolls end to end or side to side for large area covering. Supplied with cold welding paste.

Colour: Dark Grey

Flexigrid

22mm x 50mm x 2m
(7/8" x 2 3/16" x 6'6")

50mm Aluminium edging strip

Supplied in sections of 2m (6'6") length with fixing screws and plugs.

Colours: Anodised Aluminium

Vynagrip & Vynagrip Plus

14mm x 60mm x 10.1m
(9/16" x 2 1/2" x 33')

60mm PVC edging strip

Supplied in rolls of 10.1m (33') length with cold welding paste.

Colours: Black, Dark Grey, Dark Brown, Holly Green, Oxford Blue, Yellow

14mm x 100mm x 10.1m
(9/16" x 3 3/4" x 33')

100mm PVC edging strip

Supplied in rolls of 10.1m (33') length with cold welding paste.

Colours: Black, Dark Grey, Yellow

15mm x 45mm x 2m
(5/8" x 1 13/16" x 6'6")

45mm Aluminium edging strip

Supplied in sections of 2m (6'6") length with fixing screws and plugs.

Colours: Anodised Aluminium, Powder Coated Yellow

Connector clips - dual purpose

For joining sections of matting together side to side or end to end. Supplied in packs of 10.

Connector clips - side to end

For joining sections of matting together side to end. Supplied in packs of 10.

14mm x 2.5m
(9/16" x 8'2")

Snap Track

2 part snap track can be welded to join rolls end to end or side to side for large area covering. Supplied with cold welding paste.

Colour: Dark Grey

Small floor hook

For securing sections of matting to floor. Supplied in packs of 10 with screws and plugs.

Large floor hook

For securing sections of matting to floor. Supplied in packs of 10 with screws and plugs.

Plastex Chex

12mm x 50mm x 500mm
(1/2" x 2" x 1'8")

50mm PVC edging strip

Supplied in 50cm (1'8") lengths.

Colours: Black, Yellow

Plastex Lok

12mm x 50mm x 500mm
(1/2" x 2" x 1'8")

50mm PVC edging strip

Male and female strips available.

Supplied in 500mm lengths (1'8").

Colours: Black, Yellow

12mm x 50mm x 50mm
(1/2" x 2" x 2")

50mm PVC edge corner

Colours: Black, Yellow

Connector clips - end to end

For joining two ends of the edging together. One lug is supplied for every two pieces of edging in the relevant colour.

Colours: Black, Yellow

We make our matting, and that makes all the difference

When you buy Plastex matting you're also buying our extensive know-how that comes from over 45 years of designing, testing and manufacturing matting solutions for a diverse range of applications; knowledge we apply to make sure we find exactly the right solution for you.

This is important as an incorrectly specified product may actually increase risk. For example using a mat designed for bare feet in a workplace area could potentially increase slip accidents. That's why simply picking a product from a web page may not deliver the correct solution.

Talk to Us

To make sure you get the right mat for the right reasons, talk to us and our distributors.

The 45+ products within the Plastex range of matting and flooring offer **"a mat for all reasons"**.

To make it easier for you to choose the right mat for the right reason, we've divided our range into the sections below. Simply pick the section that best suits your need, and then use the segmentation chart you'll find at the front of each section to help you make your final choice.
