

# Floorline Water Polo

Slip-resistant poolside matting with brightly coloured field markings.

Define your water polo field quickly and easily with Floorline Water Polo, a tri-coloured 15m roll that's seamless to install, light to carry and easy to store.

The mat's etched surface provides excellent slip resistance, while the open grid with channelled bars delivers the highest level of drainage, ensuring the poolside remains safe for players and referees. Anti-microbial and anti-fungal additives keeps the mat hygienic and protects bare feet.

## Features:

Etched pattern

Open-grid construction

Anti-microbial and anti-fungal additives

UV resistant

Comes in one 15m roll

## Colours:

Red/yellow/green

## Benefits:

Certified slip resistant  
(DIN 51130: R11,  
DIN 51097: C,  
ASTM 1677: 1.0/0.8)

Excellent drainage

Excellent hygiene,  
easy to clean

Can be used indoor  
and outdoor

Quick to install

<b>Weight</b>	3.7kg/m <sup>2</sup> (0.76lb/sq.ft)

### Tolerances:

	Height (+/- 0.5mm)	Length (+/- 2%)	Width (+/- 1cm)
<b>Floorline Water Polo</b>	6mm	15m roll (+/- 30cm) 2m red (+/- 4cm) 4m yellow (+/- 8cm) 9m green (+/- 18cm)	60cm 91cm

All dimensions are nominal

### Technical information:

<b>Acoustic</b>	Excellent sound absorption
<b>Chemical</b>	Resistant to most acids, alkalines and oils. You can read more about specific chemical resistances by downloading this <a href="#">information sheet</a> .
<b>Composition</b>	Flexible Polyvinyl Chloride (PVC)
<b>Environment</b>	Floorline Water Polo is 100% recyclable. We don't use any substances included in the SVHC list under REACH in any of our matting products..
<b>Fire</b>	DIN 4102 Part 1- Classification B2. BS 2782 Part 1, method 140A: 1992 (ISO 1210: 1992)
<b>Hygiene</b>	Made from non-porous PVC that's naturally resistant to bacteria growth. Incorporates anti-microbial and anti-fungal additives for continuous hygiene.
<b>Reversion</b>	Thermoplastic shrinkage can result in size reductions up to 2%. This may be accelerated in hot environments. You can read more about the causes of shrinkage by <a href="#">downloading this information sheet</a> .
<b>Slip resistance</b>	ASTM F 1677 - Dry/Wet: 1.0/0.8 DIN 51097: Classification C
<b>Thermal</b>	Designed to function at temperatures from -23°C and up to +60°C. Slight size variation may occur at temperature extremes.
<b>UV light</b>	Resistant to PVC degradation. The red colour isn't colourfast in direct sunlight.
<b>Warranty</b>	One year. Visit our <a href="#">policies page</a> for more information about warranties

### Installation:

Floorline Water Polo's one-piece construction means installation is simple:

- Comes in 15m rolls
- Lightweight, easy to move and carry
- Contours to uneven surfaces

### Cleaning:

Keeping Floorline Water Polo looking good is easy:

- Light to handle; simply roll or lift to clean
- No special cleaning tools needed
- Easy to clean with a pressure hose
- Anti-microbial and anti-fungal additives ensure excellent hygiene
