

Herongripa

Heavy-duty, animal fat-resistant matting designed to keep food processing areas safe.

Oils, acids and animal fats are no match for Herongripa, a specialized matting solution designed to keep food processing environments free from slippery floors, as well as relieving employees from fatigue.

The mat's extra-wide open grid means waste and other spillages fall straight through, keeping the standing area free from hazardous material. Made from a single piece of heavy-duty non-porous PVC, the matting is easy to handle and clean with a high pressure hose, making maintenance a breeze.

Features:

Diamond-cut pattern

Two-layer construction with extra wide grid

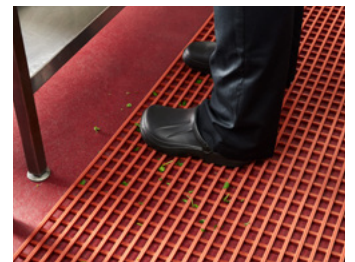

Made from non-porous plasticised PVC

Anti-fungal and anti-bacterial additives

Comes in 16'6" (5m) or 33' (10m) rolls

Benefits:

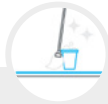

Certified slip resistant (DIN 51130:RI I)

Excellent drainage

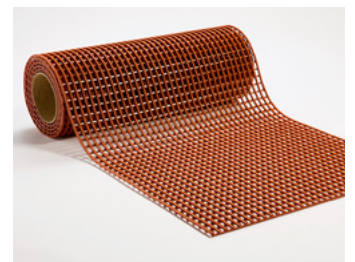

Resistant to animal fat

Excellent hygiene, easy to clean

Quick to install

Standard sizes:

Product	Herongripa
Height	5/8" (15mm)
Standard roll options	33' x 2' (10 x 0.6m) 33' x 3' (10 x 0.91m) 33' x 4' (10 x 1.22m)
Weight	0.88 lb/sq.ft (4.3 kg/m ²)

Tolerances:

	Height (+/- 0.05")	Length (0+1.0')	Width (+/- 1cm)
Herongripa	5/8"	33'	2' 3' 4'

All dimensions are nominal

Technical information:

Acoustic	Excellent sound absorption
Chemical	Resistant to most acids, alkalines and oils. You can read more about specific chemical resistances by downloading this information sheet .
Composition	Made from flexible animal fat resistant Polyvinyl Chloride (PVC) with additives.
Environment	Herongripa is 100% recyclable. We don't use any substances included in the SVHC list under REACH in any of our matting products. Phthalate Free.
Hygiene	Made from non-porous PVC which incorporates anti-microbial and anti-fungal properties for continuous hygiene. Biocidal treated article. Contains Zinc pyrithione (CAS No. 13463-41-7) to protect against fungal and microbial growth. Use biocides safely. Always read the product information before use.
Reversion	Thermoplastic shrinkage can result in size reductions up to 2%. This may be accelerated in hot environments. You can read more about the causes of shrinkage by downloading this information sheet .
Slip resistance	ASTM E303: Dry - 79 (with lines), 97 (across lines); Wet - 68 (with lines), 82 (across lines) DIN 51130: R11, V10
Thermal	Designed to function at temperatures from -9°F and up to +140°F. Slight size variation may occur at temperature extremes.
UV light	Resistant to PVC degradation
Warranty	Three years. Visit our policies page for more information about warranties

Installation:

Herongripa's one-piece construction means installation is simple:

- Comes in 33' rolls
- Loose lay
- Contours to uneven surfaces

Cleaning:

Keeping Herongripa looking good is easy:

- One piece covering
- Easy to handle
- Roll or lift to clean
- Easy to clean with a high pressure hose
- For deeper cleans, use an alkaline cleaning fluid diluted as per the manufacturer's instructions.

Colors:

Terracotta
